Good morning Travis,

David was able to track down the information you were asking about. See link below.

Sincerely,
Michele

David.

We recently issued an interim FOIA release which includes the Class VI CES and CRC/CTV permit applications (see attached letter).

To access these records, go to [FOIAonline.gov](https://www.foiaonline.gov) and search for EPA-R9-2021-005939.

If you need further clarification, please let me know.

Thanks. Kate

Hi Kate, CRC (new Class VI applicant) is interested in seeing the publicly available information on the Mendota project. As we have released information on FOIA online, what is the best way for them to access that information? Thanks, David

Hi David,

You mentioned this about the Mendota project (see below), and I do not know what you were referring to. Could you kindly respond to Travis? Thanks, Michele

Thanks very much Michelle.

You had mentioned that the Mendota projects submissions might be publicly available. Can you pass on a location?

Good morning Travis,

As we just discussed, please see attached letter. I have posted to GSDT today as well.

Please let me know if you have any questions.

Sincerely,
Michele
